PROFESSIONAL SUMMARY

Computer Science and Engineering student with hands-on experience building responsive, modern web applications using React.js and JavaScript. Experienced in developing client-facing websites, interactive user interfaces, responsive mobile-first layouts, animations, and database-backed functionality. Comfortable working with modern frontend tools and collaborating with clients to translate requirements into polished digital experiences.

TECHNICAL SKILLS

Languages: JavaScript, Java, Python, HTML5, CSS3

Frontend: React.js, Vite, Responsive Web Design, Mobile-First Development

Libraries: Framer Motion, React Type Animation, Canvas Confetti

Backend & Database: Supabase

Tools: Git, GitHub, VS Code

Design: UI/UX Design, Interactive Interfaces, Web Animation

EXPERIENCE

Freelance Web Developer

Independent / Client Projects

- Designed and developed responsive websites for client and personal projects using React.js, JavaScript, HTML5 and CSS3.
 - Built modern, mobile-first interfaces with emphasis on usability, responsive layouts and polished visual presentation.
 - Developed a photography business website featuring gallery management, featured stories, booking/contact functionality and interactive UI components.
 - Integrated Supabase for backend/database functionality and image management in a client project.
 - Collaborated with clients to understand requirements, refine designs and deliver production-ready web experiences.
-

SELECTED PROJECTS

Personal Portfolio Website

React.js • Vite • JavaScript • CSS

- Developed a personal portfolio website to showcase technical skills, projects and professional profile.
 - Created a responsive, mobile-first interface with modern UI, interactive animations and smooth transitions.
 - Structured the application for clear presentation of development work and professional information.

Photography Business Website

React.js • Supabase • JavaScript • CSS • Framer Motion

- Developed a premium, responsive website for a photography business covering wedding, pre-wedding and birthday photography.
- Implemented interactive gallery experiences, featured story presentation and booking/contact sections.
- Built a mobile navigation drawer with smooth animations and responsive interactions.
- Integrated Supabase for image storage and backend functionality, including gallery content management.

EDUCATION

Brainware University

B.Tech in Computer Science and Engineering

Expected Graduation: 2028 • Current Semester: 5th

CGPA: 7.9

Class XII: 71%

Class X: 72%

ADDITIONAL SKILLS

UI/UX Design • Video Editing • Client Communication • Problem Solving • Responsive Design • Creative Thinking
